CV modification date:	02. July 2019

Introduction and aims

At the moment I am looking for a job as a Junior Java Developer in Tallinn.

I have successfully completed my studies in Ida-Virumaa Kutsehariduskeskus, now I am looking for a job and continue to learn technologies that I like. At the moment I am learning Spring and Angular.

Developed:
- CV website creation, the following technologies are used HTML, CSS, Spring boot, Spring Security, Thymeleaf, Hibernate, PostgreSQL, Maven. The site is hosted on its own hosting managed by the Tomcat server - https://gaile.ee

- Test task "Crypto Portfolio".
Backend system is written in Java using Spring Boot framework,
Database to store the portfolio data is PostgreSQL
Backend system serves all the services via JSON microservice
Frontend layer uses PrimeNG and AngularJS and communicates with backend by calling JSON rest services
